

# Fire Safety House

## What is the Fire Safety House?

The fire safety house is a mobile house trailer where citizens can learn and drill on emergency egress procedures from a house threatened by fire. They learn how to find the safest way out and where to meet once they have gotten out. If you are interested in the fire safety house for your next event please complete the following form and email it to [philrobinson@cebridge.net](mailto:philrobinson@cebridge.net). You may also call 843-7671.
